

Do You or Your Child Struggle with Reading, Writing or Math? Is Your Child Not Getting Enough Help in School?

Ongoing Registration for Tutoring in Reading, Writing, and Math

- Multidisciplinary approach
- Individualized programming and instruction
- Built to suit the needs of your child
- Homework and school assignment help
- Program includes an initial intake meeting to a discussion of specific program goals

Offering additional screening for Irlen Syndrome (visual perceptual difficulties) or perceptual dyslexia. Irlen Syndrome affects 50-55% of those with a learning disability, 12-20% of the general population and 77% of those in the Autism Spectrum.
