Keir Kutney has more than 20 years of experience working with youth who have severe behavioral issues in the residential, treatment, educational, and community settings. He has a wealth of experience working with kids in an assessment and treatment capacity for Mental Health, Justice, Education, and Child Welfare supported programs.

Keir has opened his home in the past to provide specialized foster care to children in need of this level of support. He has impacted the lives of hundreds of kids over the years. Keir has a keen interest in supporting families with children who have Autism or Fetal Alcohol Spectrum Disorder.
